

HOME VIEWING MADE SAFER FOR EVERYONE

*All Bumbung Local Experts (Agents) are equipped with **Face Masks, Gloves and Sanitisers.***

They are also checked for temperatures before the viewing appointment(s) on that day.

APPOINTMENT ETIQUETTES THAT PROTECTS LIVES

1.

Instead of shaking hands, put your hands into a namaste position or make eye contact, smile and say hello.

2.

We recommend a max of 2 individuals per viewing. Do inform ahead if you plan to bring more. We do not advise for young children to be there.

3.

Wear breathable clothes to help keep yourself cool, and avoid touching your face to wipe off sweat.

4.

Be mindful of your distance to one another, especially others who are not from the same household.

When going on a property tour, it's important that you keep your mask on wherever possible. Sanitize your hands regularly, before and after viewings. If you're feeling unwell, or have a slight fever, it's better to reschedule the viewing for later.
